

Ticket information.

Session tickets

We will have limited session tickets available (morning, afternoon & evening) \$20 per session, available at the venue at the beginning of each session. (No advanced purchases available) This will entitle the holder to sit in the “session ticket seated area” only. You will not be able to sit with your club. Doing so creates problems for both your competitors with over crowding and inconvenience for other clubs seated beside you. You will be entitled to use the dance floor during general dancing but must return to your seat during the competition.
